 President: Ulrika Francke
 <Permanent Members (6 countries)>
 US, Germany, France, UK, Japan, China
 Technical committees: 762
 (Japanese is Secretary to 80)
 As of December 2022

International Electrotechnical Commission (IEC)
 (International standards of electrical devices)
 [Member states: 15 (Japan is permanent member)]
 President: Jo Cops
 <Permanent Members (6 countries)>
 US, Germany, France, UK, Japan, China
 Technical committees: 201
 (Japanese is Secretary to 80)
 As of December 2022

Japan Industrial Standards Committee (JISC)
 President: Endo Nobuhiro
 NEC Corp. Special Advisor
 Office: METI Technical Regulations, Standards and Conformity Assessment Policy Division

Japanese Industrial Standards (JIS)
 National standards for industrial products, data, services, etc.

ISO/IEC Domestic Review Board
 ~300 Industrial and academic organizations.

Private Industry
 Research Academic

Institute of Electronics, Information and Communication Engineers

Electronics and Information Technology Industry Association

Optoelectronics Industry and Technology Development Association

TC86 Japan Committee

TC47 Domestic Committee

Optical Connector Standardization Subcommittee

-IEC SC86B/WG4, 6, JWG8
 Global and Domestic Committee Member
 16Years

-IEC TC47/WG7
 Domestic Committee Member
 7 years

JIS Member
 12 years

-IEC SC86C/WG2
 Domestic Committee Member
 8 years

- Standards and certificates are under the jurisdiction of METI.
- ISO and IEC have 1 representative per country.
